About Poolezy

Pool Ezy now offers more than just your standard fibreglass pool.

We have options for both infloor cleaning and main drain technology. Not to mention a range of designs and colours to suit most homes and imaginations.

A premium pool shell supplied by us is then backed by the highest quality of equipment supplied by Maytronics. Pool Ezy are now part of the Maytronics elite builder network. This ensures you are choosing a pool, embraced by the best in water quality and innovations.

Pool Ezy can assure that our clients are backed by knowledgeable and trained staff who specialise in superior servicing and maintenance. Our professional team offer honest and reliable services, removing the inconveniences of your pool maintenance. Our services guarantee balanced water quality and the unmistakable sparkle of a clean pool, all at a reduced cost to our new installs.

This support ensures that your pool is operating in the most efficient way so that you can enjoy hassle free crystal clear water for years to come.

Elegant swimming pool designs that will transform your lifestyle

At Pool Ezy, we specialise in offering comprehensive solutions for clients seeking a seamless pool installation experience.

We provide and install quality conquest pools, manufactured right here in our backyard of Shepparton.

With almost 50 years experience and accompanied by 25 year structural warranty with every pool installed.

It goes without saying conquest are experts in the fibreglass industry.

The **Eden** Inspired by modern crisp clean lines.

The Eden

The Eden not only offers versatility in terms of placement on your block but is also an all inclusive structure that will suit any home while still offering all the practicality and features expected from a swimming pool.

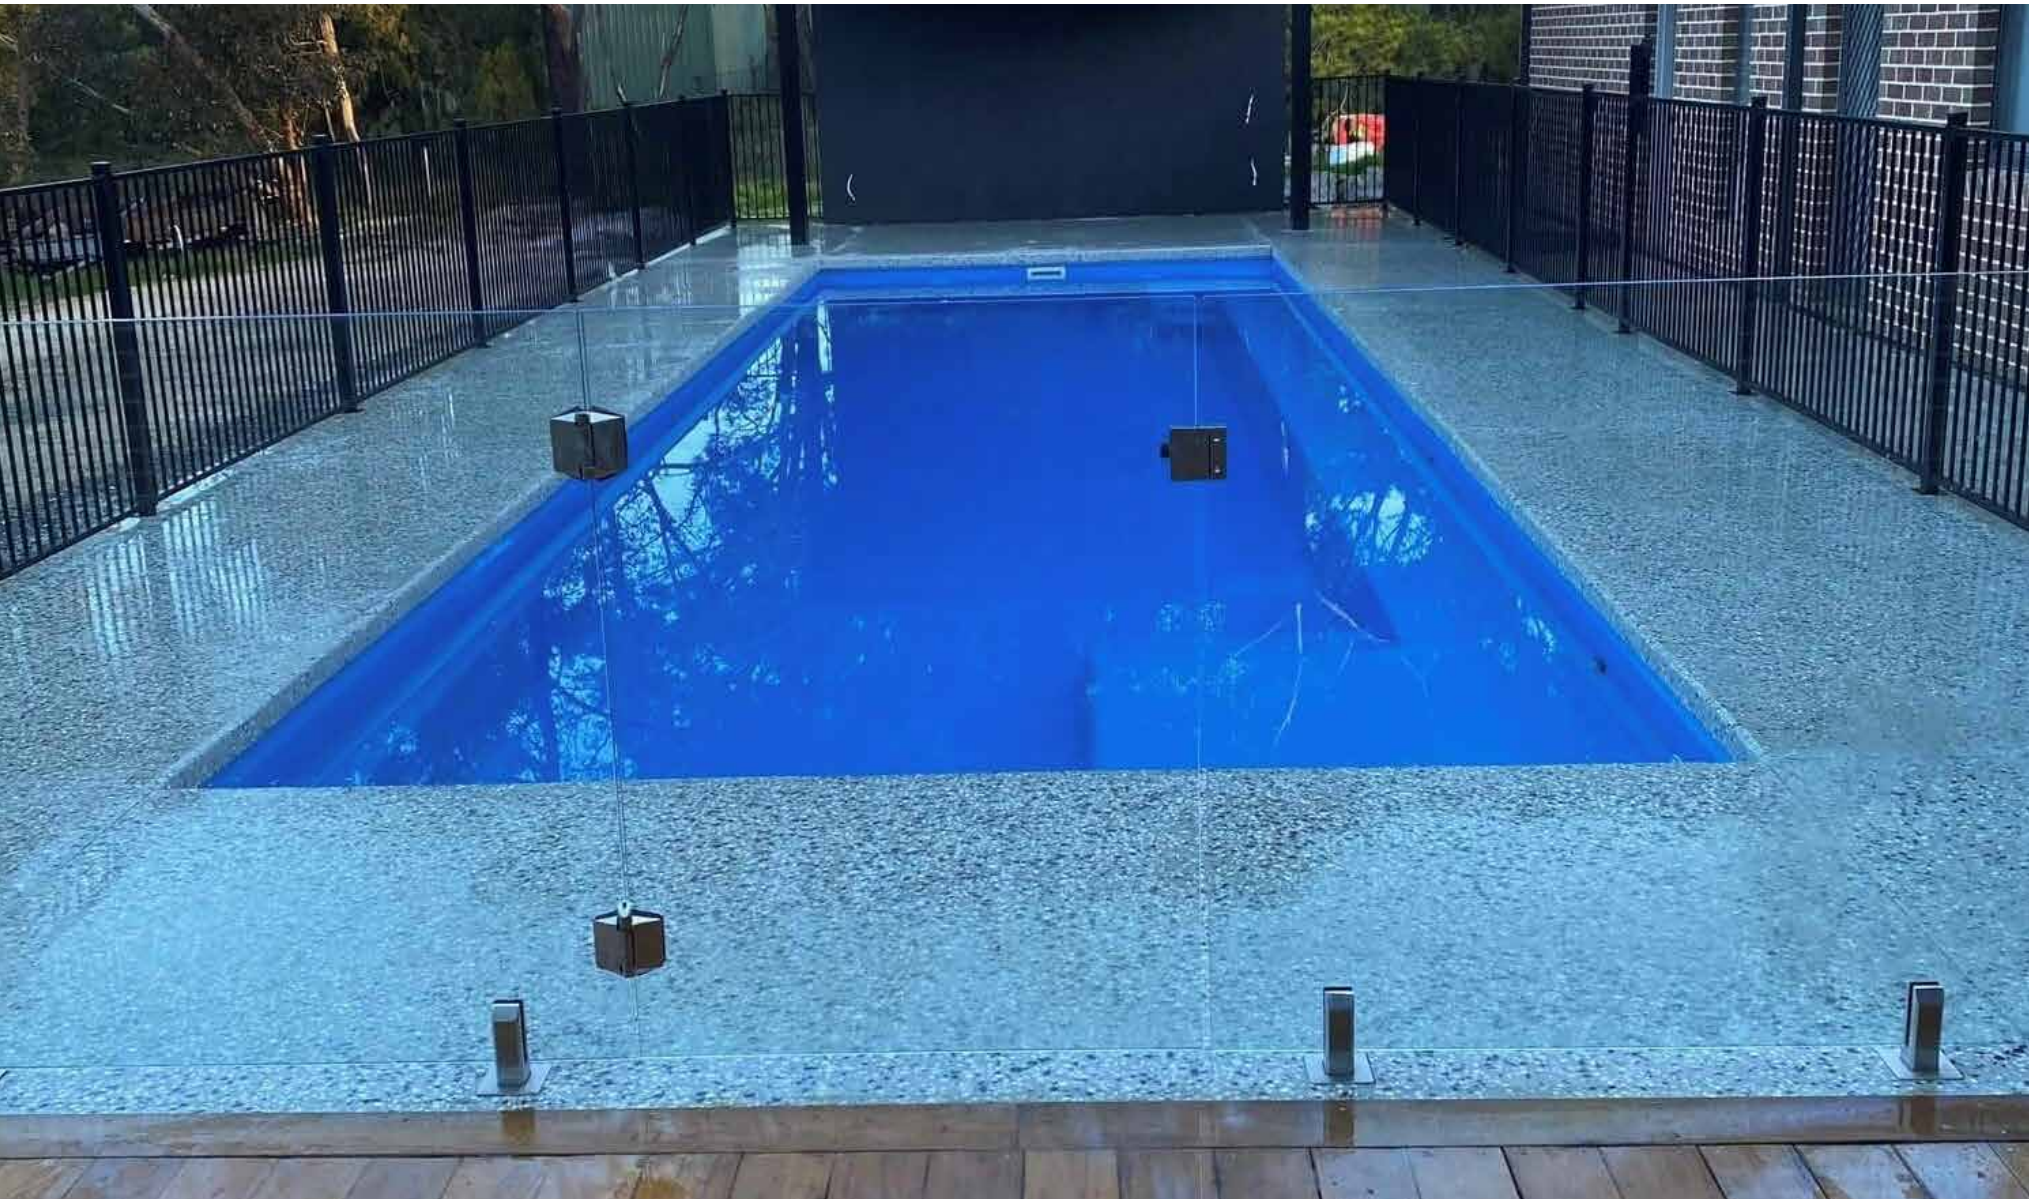

This stylish rectangular pool has entry steps positioned at both ends of the pool with a bench seat that runs the length.

The shallow end has the added benefit of a larger entry, offering space for shallow water play.

The Eden is capable of accommodating a variety of activities without compromising on swimming space.

LENGTH	WIDTH	SHALLOW DEPTH	DEEP DEPTH
7.00m	3.70m	1.20m	1.68m
8.00m	3.70m	1.20m	1.75m

11.00m	3.70m	1.20m	1.97m
12.50m	3.70m	1.20m	2.08m
14.00m	3.70m	1.20m	2.20m

The **Retreat**

Compact and simplistic design.

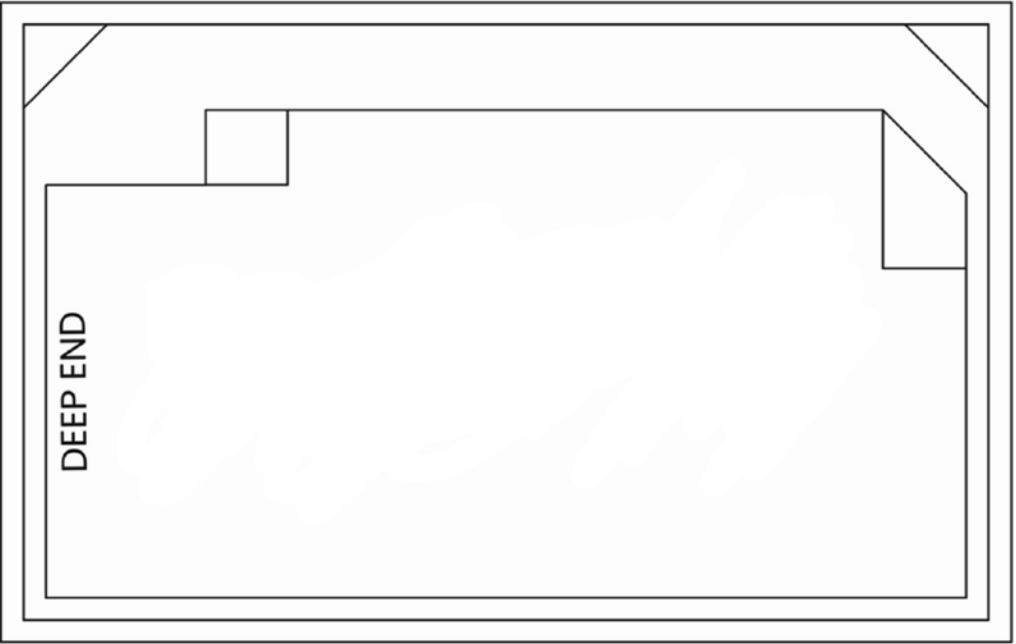

The **Retreat**

Available space on your block can be precious and the allocation of room for a swimming pool is an important consideration.

The retreat offers a practical and functional solution for those wanting a swimming pool without taking up too much space.

It's compact and simplistic design features convenient steps on both ends of the pool with a bench seat all the way along.

For cooling off, relaxing or exercise the retreat offers it all.

LENGTH	WIDTH	SHALLOW DEPTH	DEEP DEPTH
6.00m	3.70m	1.20m	1.68m

The **Maradona**

Caters to all swimming needs.

The **Maradona**

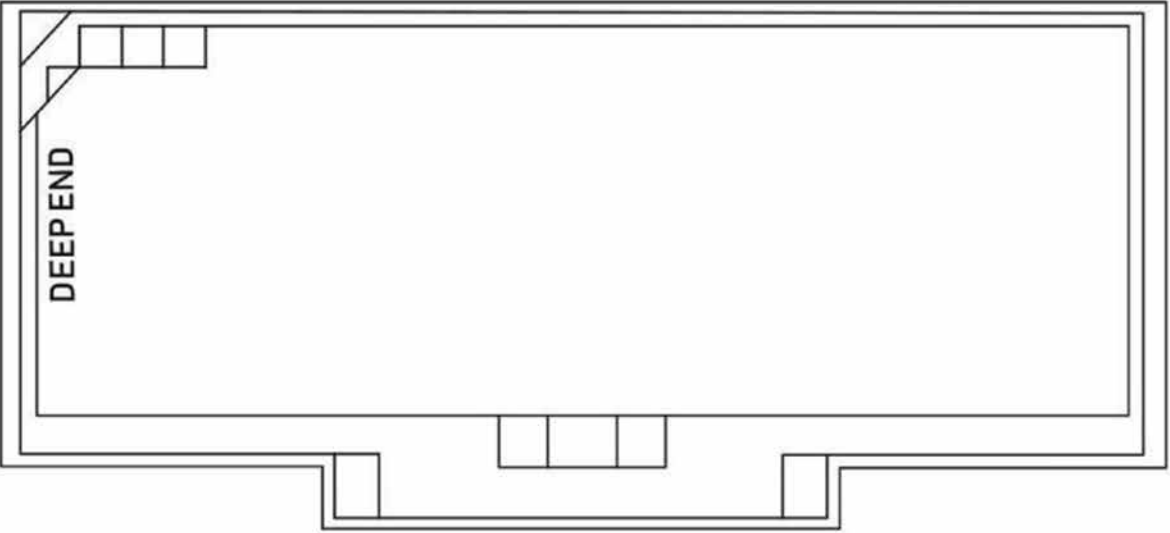

A pool with the whole family in mind.

Featuring a full length bench seat, perfect for smaller swimmers or relaxing, a gradual sloping floor, deep end swim out and expansive room for swimming.

The Maradona is a visual master piece, offering a modern sleek yet timeless look to your home.

Its open corridor accommodates a variety of activities from the avid swimmer to water games with family and friends.

A modern pool design that caters to all swimming pool needs.

LENGTH	WIDTH	SHALLOW DEPTH	DEEP DEPTH
8.00m	4.10m	1.20m	1.77m
9.00m	4.10m	1.20m	1.84m

12.00m	4.10m	1.20m	2.10m

The **Flinders**

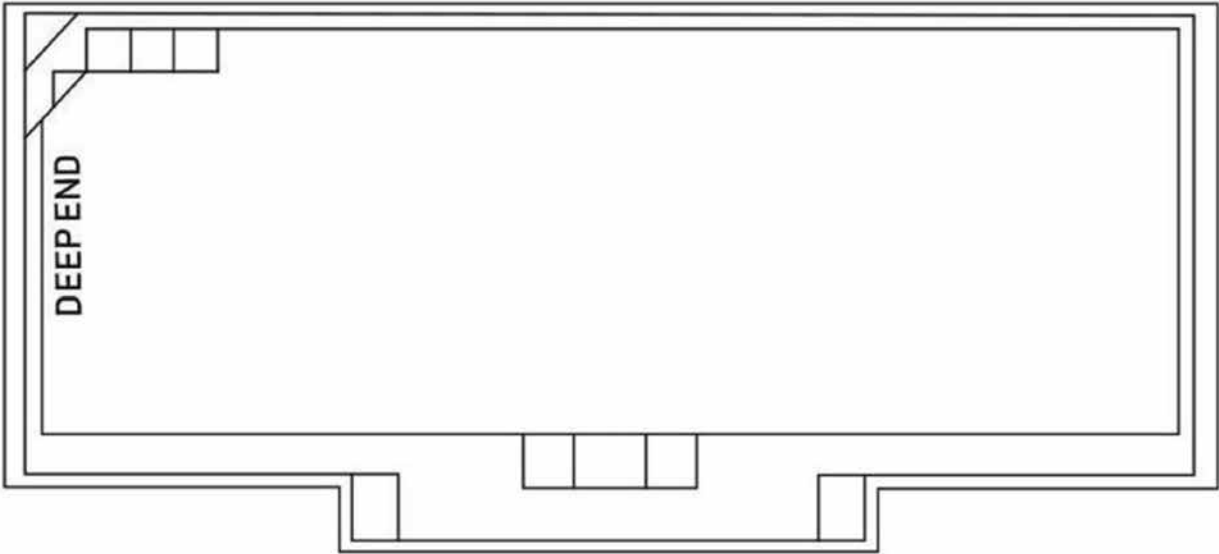

A timeless design to suit your needs.

The **Flinders**

This stylish rectangular pool has perfectly positioned entry stairs, the spacious centre overhang allows for safe pool entry and has the added benefit of a full length bench seat.

The stair, located on the far side of the pool ensures the deepest part of the pool is accessible and can be positioned away from the house.

Offering structural functionality, sensibility and a timeless design to suit your needs the Flinders can elevate your home and provide a complete outdoor space.

LENGTH	WIDTH	SHALLOW DEPTH	DEEP DEPTH
7.00m	3.60m	1.20m	1.70m
8.00m	3.60m	1.20m	1.77m

The **Paroo** A spacious and luxurious feel.

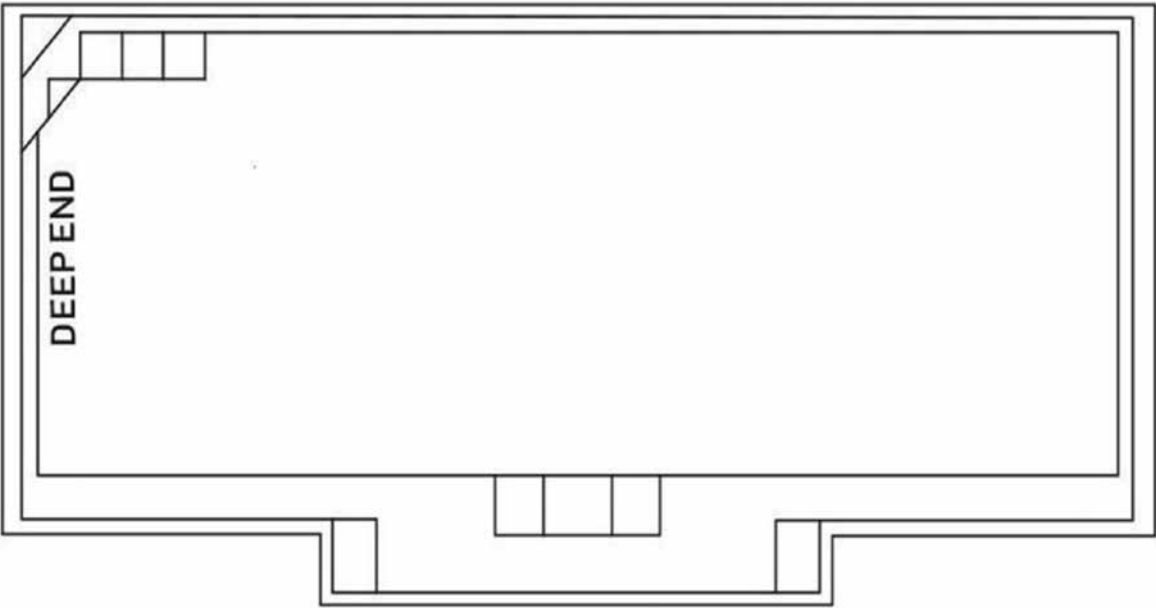

The **Paroo**

This elegant and innovative swimming pool boasts modern, clean, crisp lines and a large unobstructed swimming area, perfect for all to enjoy.

While a modest size that will suit many backyards the Paroo maintains a spacious and luxurious feel.

The generous seating location with central step and added bonus of stairs leading into the deep end, allows the pool to be accessed at all depths.

The Paroo is a leader in modern pool design and will suit almost any backyard, design and location.

LENGTH	WIDTH	SHALLOW DEPTH	DEEP DEPTH
6.00m	3.20m	1.20m	1.62m

The **Darling**

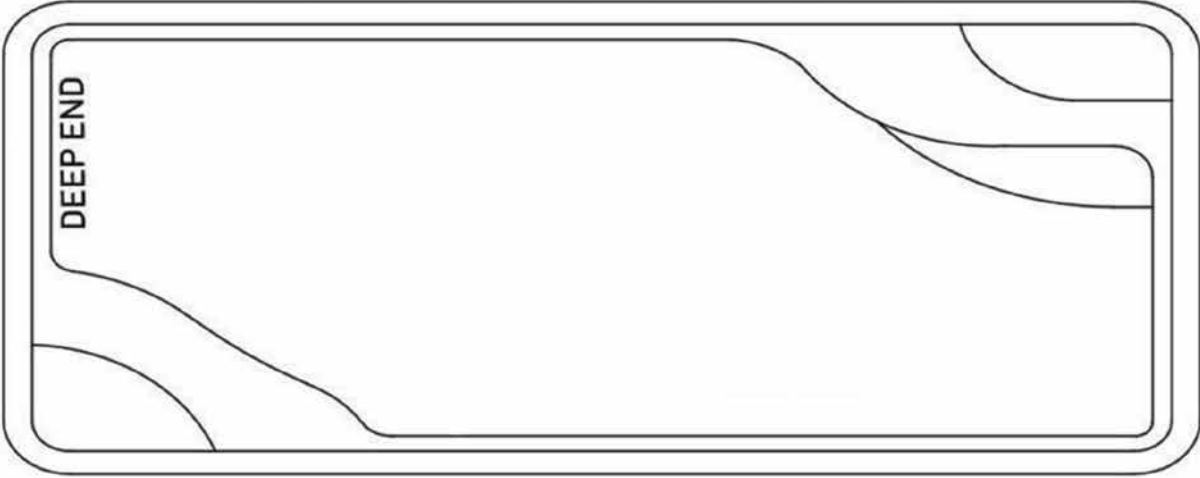

Large seating area and multiple entry points.

The **Darling**

Enjoy the benefits of luxury and practicality with this natural freeform yet modern design.

This swimming pool offers not only the benefits of a large swim area yet also provides a large seating area and multiple entry points.

This pool is perfect for water activities with family and friends, providing an added indulgence of seating and safe entry points at both depths of the pool.

LENGTH	WIDTH	SHALLOW DEPTH	DEEP DEPTH
6.00m	2.80m	1.20m	1.73m
7.00m	2.80m	1.20m	1.80m
8.00m	2.80m	1.20m	1.88m

The **Lachlan** Modern yet classical design.

The **Lachlan**

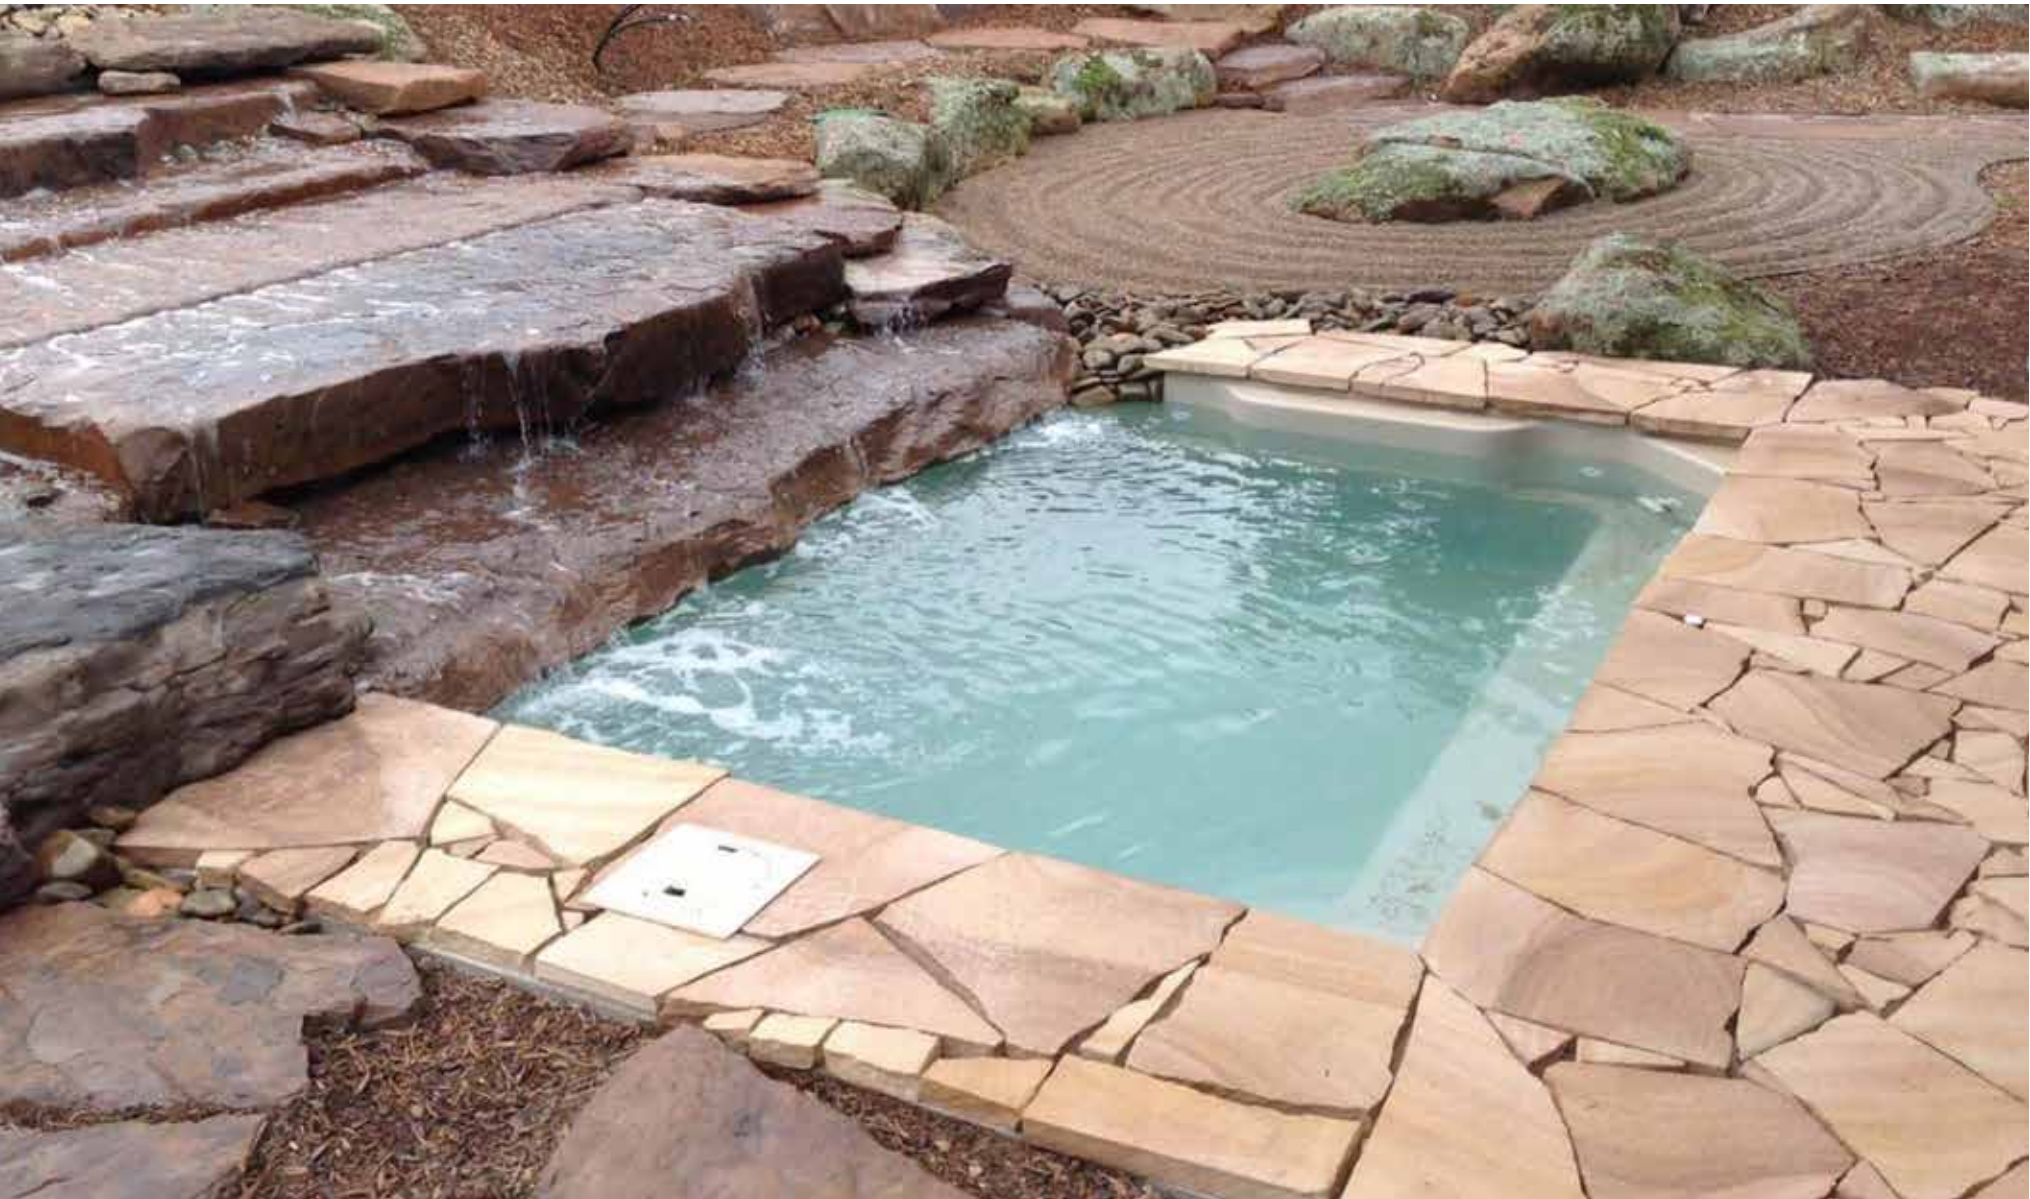

Cleverly designed to preserve an optimal swimming corridor, featuring generous seating areas and multiple entry and exist points throughout the pool, allowing for flexibility on the placement of the pool.

The modern yet classical design offers a high end luxury feel for any home.

The practicality of this design allows for an unobstructed swim corridor yet ensures that there are places to relax.

LENGTH	WIDTH	SHALLOW DEPTH	DEEP DEPTH
7.00m	3.40m	1.20m	1.80m
8.00m	3.40 or 3.90m	1.20m	1.86m or 1.82m

mineralSwim™

Mineral Swim

Pro System

The Maytronics Mineral Swim™ purification system (ozone-to-oxygen purification combined with 100% magnesium-rich Dead Sea Minerals) is the best pool sanitation system available, offering low chlorine, healthy, mineral-rich water, with many benefits over traditional purification systems.

Your pool will be cleaner, clearer and the water feels softer on your skin.

Top 10 reasons our customers love Mineral Swim™

- 1 100% Authentic Dead Sea Minerals**
Magnesium-rich, hydrates skin and hair and soothes muscles.
- 2 Up to 3000x More Powerful Sanitation, Up to 80% Less Chlorine**
Natural Ozone purification and minerals combined are much more effective at sanitising your pool.
- 3 Great For Sensitive Skin, Hair & Eyes**
Helps soothe eczema, acne, psoriasis and other allergies – no itchy skin or red eyes.
- 4 Crystal Clear Water**
Without harsh chemicals or chlorine smell.
- 5 Softer, Therapeutic Water**
Less chlorine and more magnesium creates luxuriously soft pool water.
- 6 Good For The Environment**
Climate Care Certified, ensures water efficiency, and noise reduction. Safe for garden irrigation.
- 7 Compatible For All Pool Types**
Easy to install in a new or existing salt, chlorine or mineral pool.
- 8 Industry Leading Warranty**
10 year Ozone Cell, 3 year full system warranty.
- 9 Prolongs Equipment & Salt Cell Life**
Save money on costly replacements of pool filters, pipes, and tiles.
- 10 Maytronics Customer Care Plan**
Comes with market leading warranty, dedicated support plus complementary pool system health checks 6-weeks and 6-months after installation.

Pumps

Choosing the correct pump is essential for your pools water circulation and maintaining crystal clear pool water.

It is essential you invest in a high quality pump which will take your pool water to be filtered, sanitised and returned to your pool. An energy efficient design will ensure you save money and reduce any environmental impact, while a whisper quiet pump will allow your family to relax and enjoy the pool.

Maytronics Ecoclear® pumps are the highest quality, best-selling pumps on the market which have been developed and refined over 40 years.

Pool Pump

750W (1.0HP)	VS800 (1.0HP)
1100W (1.5HP)	VS1500 (2.0HP)
1500W (2.0HP)	

- ✓ High performance pumps
- ✓ Corrosion & heat resistant
- ✓ Whisper quiet
- ✓ Includes MPV & barrel unions
- ✓ Lasting, heavy-duty construction
- ✓ 3 years* warranty

PH Drive

Adding a PH Drive makes your life easier.

The pH levels in your pool must be balanced for comfortable swimming conditions and maximum sanitiser efficiency. In a new pool acid must be added daily for maintenance. A pH drive will do this for you. It will automatically add the correct, optimum level of acid to your pool, so you don't need to manually handle chemicals. It takes any guess work out of adding acid to your pool and maintaining your pools water chemistry, preventing a green pool, and making your pool water optimised for comfortable swimming any time.

Filtration

A filter is essential for removing unwanted waste and keeping your pool water healthy.

Chlorine and chemicals kill bacteria and contaminants in the pool but the filter removes them. The filter prevents the pool water going cloudy and being filled with unpleasant debris. We recommend an Ecoclear® cartridge or media filter, our recommendations will be based on your pool size and needs.

Cartridge Filter

100 sq.ft 50mm	150 sq.ft 50mm
	200 sq.ft 50mm

- ✓ UV resistant tank
- ✓ Superior filtration & heavy-duty cartridge
- ✓ Water saving
- ✓ Low maintenance
- ✓ Ergonomic design
- ✓ 5 years* warranty

Media Filter

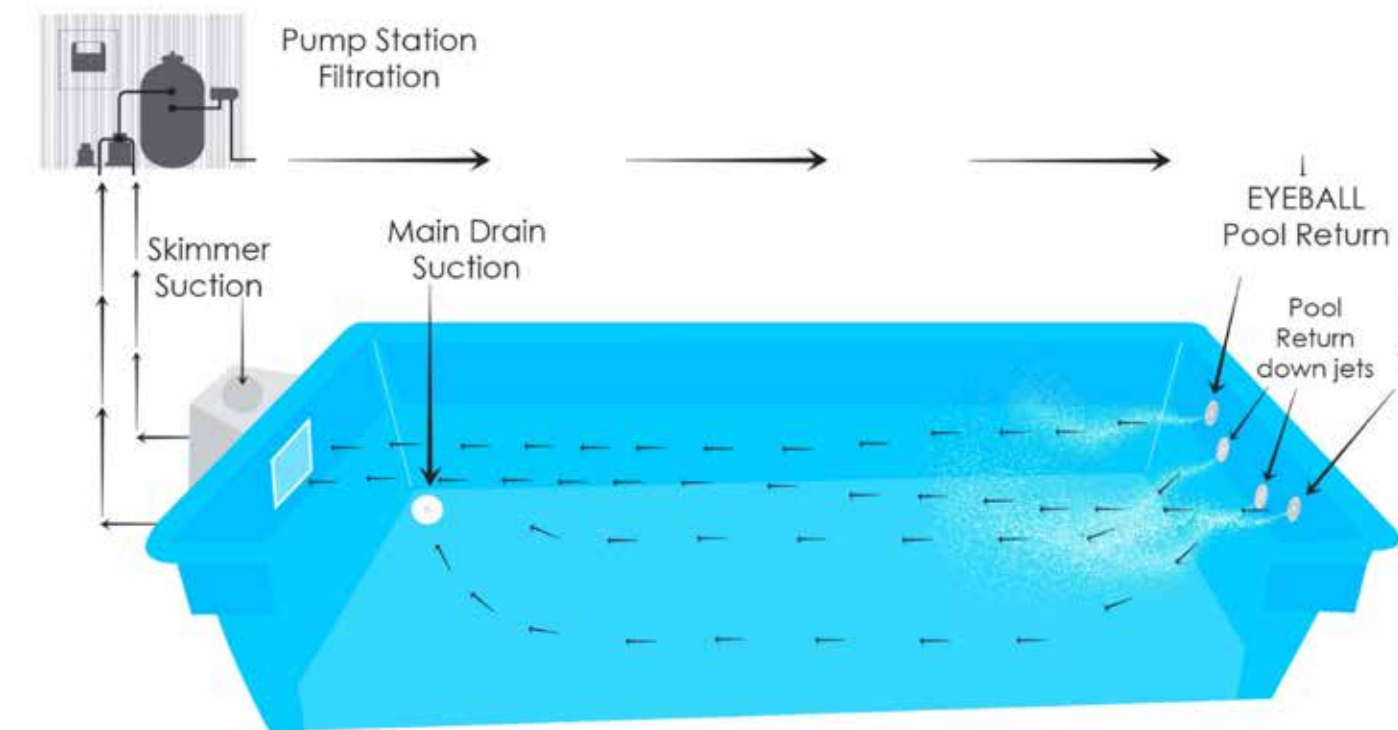

25" 50mm MPV	28" 50mm MPV
---------------------	---------------------

- ✓ Spun-woven, UV resistant fibreglass for extra durability
- ✓ Six-function multi-port valve
- ✓ Stainless steel corrosion resistant clamp
- ✓ Includes MPV & barrel unions
- ✓ 10 years* warranty

Main Drain Water Circulation

Why add a Main Drain?

Main drains improve your filtration efficiency and are positioned at the lowest point on the pool floor essentially making them an additional cleaning element, allowing them to remove debris and dirt from the pool floor.

The dual suction prevents 'dead spots' of water, meaning that chemicals and salt are evenly distributed and hot and cold patches are prevented.

The improved water circulation reduces your overall maintenance; and paired with a dolphin you virtually have infloor cleaning without the price tag.

Robotic Pool Cleaners

X Line ACTIVE X6

Product Specifications

Brush	All terrain active brushes
Filtration	Top load ultra-fine filter basket
Caddy	Optional
Cable length	15 m with swivel
Robot Weight	7.2 kg
Warranty	2 years (limited)

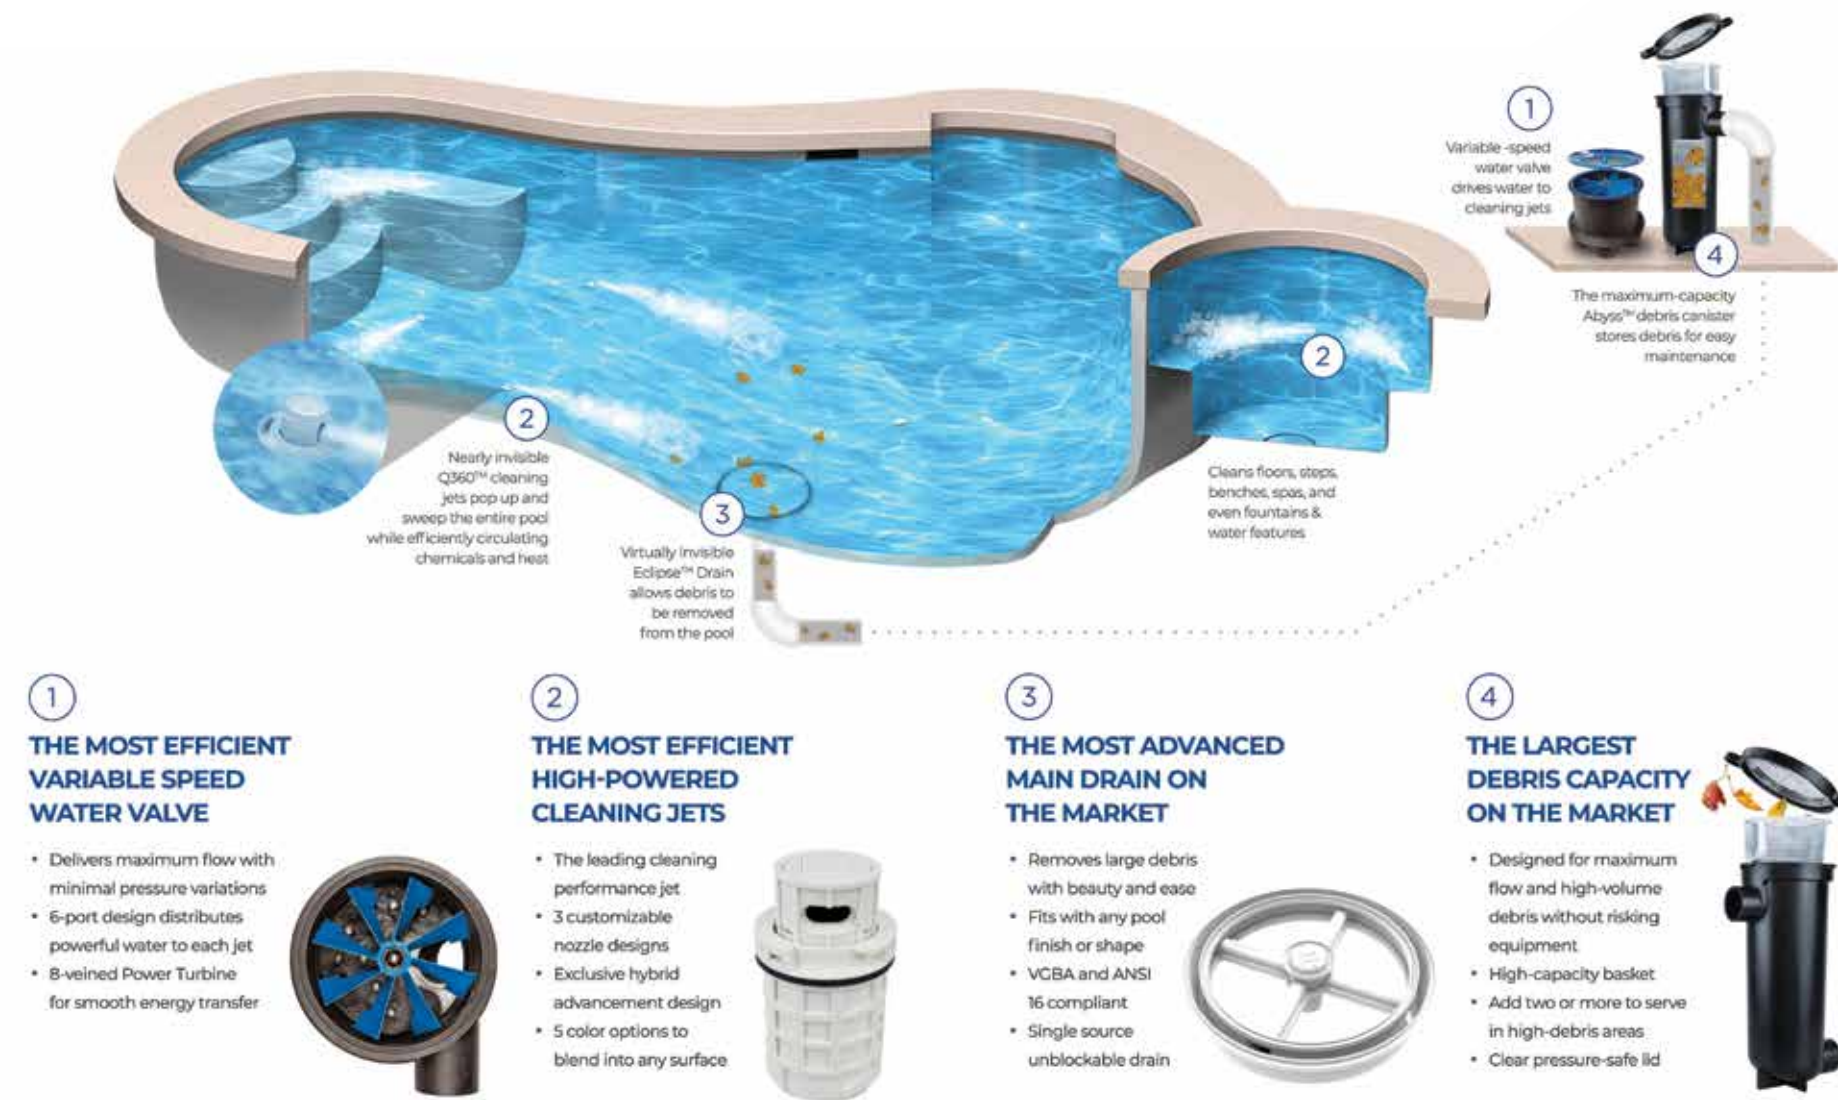

We only recommend the best Maytronics Robotic Pool Cleaners to clean your new pool.

Other cleaning systems are just not comparable to the research and technology which goes into a Dolphin robot. The Dolphin works by powering water into the pool surface, like a mini gurney, and scrubs the surface to remove grime with rotating PVC brushes.

The Dolphin can scrub the floor, walls and waterline and uses smart navigation to clean each section of the pool. It sucks up dirt and debris before it hits your filter, saving water in backwashing and chemicals. The filter baskets are easy to remove and clean. Your pool will look perfectly clean without having to lift a finger.

Self Clean

Pool Heating Systems

Solar Heating

Features:

- Large bore collectors allow more heat to be trapped.
- High gread thermal plastic
- Commercial grade connectors
- Welded barbs to collector
